WHO WE ARE

The Hellenic Heritage Foundation is a registered charitable organization dedicated to the preservation, promotion and advancement of Hellenic education, culture and heritage in Canada. Since its inception in 1996, the Foundation has proudly donated over \$10 million towards various community projects and initiatives in Canada including establishing a Chair of Modern Greek Studies at York University, an endowed Hellenic Studies Program at the University of Toronto and most recently, investing in a Greek Canadian Archive which will become a key program and central resource for scholars, community organizations and the general public who share an interest in the history of Greeks in Canada. The very positive response to this project has already led to many personal collections of valuable archival materials including documents, pamphlets, newspapers, videos, photographs and interviews which can now be safely stored and digitized so these resources aren't lost.

Considerable financial support has also been provided to the Greek Community of Toronto, the Greek Orthodox Metropolis, the Hellenic Home for the Aged, the Hellenic Hope Center as well as ongoing scholarships, sponsorships and funding to support a number of community organizations across Canada including cultural & educational projects in the area of film, photography, live theatre, conferences, lecture series and more.

OUR 2022 FUNDRAISING GOALS

- This year, the Foundation's goal is to raise \$250,000 to support Greek Language Education initiatives at the primary level. We are working with institutional partners to:
- Provide learning materials and Greek textbooks to over 2,000 students enrolled in Greek language programs as well as various Greek Language community-based schools across Canada
- Expand on a very successful Effective Teacher Training Certificate Course in collaboration with the Faculty of Education at York University, which provides professional training and development for Greek language teachers across Canada
- Continue to build on our new online Greek Language Education portal (www.greeklanguage.ca) in collaboration with the University of Toronto, which has become an invaluable resource tool for Greek language teachers, students and families across Canada
